

FW35TT™

The Strongest, Fastest and Most Reliable
Terminal Tractor Fifth Wheel

FW35TT™ Terminal Tractor Fifth Wheel

The Best is Even Better

More Durable
Easier to Maintain
Functionally Superior

1 **Strategically Strength Enhanced Rib Structure**

The main rib has been beefed up and additional ribs are built into the kingpin throat area. The bridge is made stronger with increased thickness and strategically located gussets.

2 **80,000 lbs. Capacity Top Plate**

Top plate is cast with higher strength steel alloy with an increased top plate thickness for long life performance.

3 **Easy Lock Set Replacement**

Easy 15 minute lock set replacement – “Slip-Fit” lock pins with lock nut retention for easy and quick removal. Locks now slide out as a complete set for easy lock-only replacement.

Increased to
80,000 lbs.
CAPACITY
Maximum Vertical Load

9

Proven HOLLAND Twin-Lock™ Design

For the fastest and most reliable coupling design in the industry. Designed to prevent coupling delay or failure caused by kingpin bounce out.

TWIN-LOCK™
IN ACTION!

4 **Removable Spring Retainer**

Makes for quick and easy removal of the yoke shaft spring. No need to compress the spring by hand to install.

5 **NoLube Pocket Liners**

NoLube Pocket Liner inserts with easy to remove clinch pin for quick and easy replacement. No grinding or tools required to replace pocket liners.

6 **Lock-down Mode for Added Coupling Security**

New double acting air cylinder provides a new level of coupling security with an integrated “Lock-Down” mode that is automatically activated when the driver releases the trailer brakes. Prevents the potential for dropped trailers when properly coupled.

7 **Optimized Cam Plate**

Engineered for smoother operation throughout the coupling and uncoupling process.

8 **Integrated Automatic Secondary Lock**

Eliminates the need for a manual handle activated secondary lock.

THE STRONGEST, FASTEST AND MOST RELIABLE TERMINAL TRACTOR FIFTH WHEEL

Engineering Your Road to Success

The SAF-HOLLAND® Group is one of the leading international manufacturers of suspension-related assemblies and components for trailers, trucks and buses. Our innovative products increase the efficiency, safety and environmental friendliness of commercial vehicles, contribute to the success of our customers. With around 5,500 employees worldwide, we are at the forefront of shaping the future of the transportation industry.
