

HOLLAND® Fifth Wheels

FW35TT Terminal Tractor Fifth Wheel Product Enhancement Notification

Effective Date: October 1, 2024

SAF-HOLLAND is excited to announce a series of enhancements to our FW35TT terminal tractor fifth wheels. These upgrades are part of our continuous effort to ensure our products meet our customer's expectations for unmatched reliability and performance.

What's New?

We've refined the design of the FW35TT terminal tractor fifth wheels by incorporating several key component upgrades.

- **Longer Roll Pin on the Secondary Lock:** Enhances security and operational reliability
- **Added Washer Under Spring Block Bolts:** Increases durability and component lifespan
- **Extended Cam Pivot Bolt:** Better engagement and space for future enhancements

Current fifth wheel assemblies, top plates, and rebuild kits will be updated with new components. In addition, a new field kit is available which has only new updated components.

- New field service kit containing only new components - RK351-TT-F5
- New field service instructions - XL-FW2167BM-en-US Rev-.pdf
- Current FW35TT fifth wheel assemblies updated with enhanced components
- Current XA-351-TT top plate assemblies updated with enhanced components
- Rebuild kits updated with new components:
 - RK-351-TT - RK12558
 - RK-351-UBT - RK12196
 - RK-12471
- Updated rebuild manual XL-FW20059RM-en-US
